

systemnet

inspiring IT solutions

“If everyone is thinking alike, then no one is thinking.”

Benjamin Franklin

Who we are

Systemnet is an established IT Solutions Company, specialising in computer network infrastructure for medium sized businesses.

Our expertise, passion and dedication, enables our clients to achieve a competitive advantage through IT.

Our client base is diverse, ranging from financial services, law and property to manufacturing, retail and hospitality.

Our philosophy

Our clients that started with us in 1996 continue to look to us for inspiring IT solutions today.

We work with our clients on a mutually beneficial basis.

What we do

Our strategy flows from consultation, analysis and design to deployment, maintenance and support.

Our services include network based scalable solutions, internet connectivity, email enablement, hardware and software products, system administration and maintenance, security & collaborative software solutions.

What makes us stand out?

Our team of highly qualified and skilled professionals possess an enviable knowledge base and have extensive industry experience.

Our people are empowered and laterally minded in their approach to problem solving.

“If you only give them what they want.
Someone else will give them what they never
dreamed possible.”

Some of our clients

Systemnet is the IT backbone for over fifty companies.

We provide an open ended IT resource through highly cost effective maintenance and support plans.

We're there for you

Our clients are primarily situated in the Sydney Metropolitan area, allowing us to act almost immediately to their on site requirements.

We also manage clients remotely using an advanced technology infrastructure.

Clients with offices nationally look to us to support their entire organisation.

“You can't build a reputation on what you are going to do.”

Henry Ford

What our clients have to say:

“Systemnet performed a comprehensive network analysis before implementing a sustainable email solution for our company. They continue to deliver a superior service and are highly responsive to our requirements.”

Ray Allen – Executive Chairman, Lachlan Reit Limited

“We have used Systemnet for the past 8 years because they consistently deliver cost effective solutions in a highly personalised manner.”

Brett Rubin – Group Financial Controller, New Zealand Natural (Pty) Ltd

“Systemnet has standardised our national operating environment enabling centralisation of management and administration. This has significantly lowered our total cost of IT ownership.”

Marcus Elsum – Chief Operating Officer, Ashe Morgan Winthrop (Pty) Ltd

“They seamlessly migrated our organisation (over 200 nodes) from a Novell/Groupwise platform to Windows/Exchange platform without interruption to our daily business functions. A great accomplishment.”

Simon Fleming – IT Manager, Colin Biggers & Paisley Lawyers

“We have appointed Systemnet to relocate our IT infrastructure to new offices because of their level of expertise and ability to deliver.”

John Paul – Deputy Fund Secretary, ASSET Super

“They developed and implemented a ‘Workflow’ application in Lotus Notes that controls and manages the order entry, production and invoicing of our custom dance footwear for our world wide customer base.”

Lorne Zuck – Financial Controller, Bloch

“ Opportunity is missed by most, because it is dressed in overalls and looks like work.”

Unknown

Systemnet stands for quality, inspiring IT solutions, delivered on time and to budget.

We are passionate about what we do. We are driven by your challenges.

We would love to hear from you.
